

ASME South Texas Section – Houston **Opening Fall dinner lecture meeting**
5:30 - 8:30 pm Thursday, 19 Sept. 2019 **Forest Club - 9950 Memorial Drive, Houston**
5:30 pm – 6:15 pm Social Hour **6:15 pm - 8:30 pm Dinner and Presentation**

Presentation: “Undermining Oil & Gas Pipeline integrity resulting from Subsidence”

Ground movement, subsidence and backfill can slowly cause catastrophic pipeline issues. Several case histories will illustrate the means to monitor and mitigate such potential pipeline anomalies.

Guest Speaker: Dr. Genarro “Jerry” Marino, Ph.D., P.E., D.GE – has a PhD in Civil Engineering from Univ. of Illinois and is a PE licensed in 26 states. He is also the chairman of the American Bar Association’s Expert Witness Civil Engineering subcommittee and a member of the ASCE Forensic Engineering Division’s Committee on Practices to Reduce Failures. Dr. Marino has researched and consulted on all aspects of subsidence engineering with government agencies, engineering and architectural firms, surface owners, as well as pipeline, insurance and mining companies.

RSVP online (Adults \$35, Students \$15) by Tuesday, 17 September 2019 –
<https://www.brownpapertickets.com/event/4327507> **\$50 cash at door, without RSVP**

ASME meetings are open to all. Membership is encouraged but not required to attend. Professional Development Hour (PDH) certificates will be available to participants at the conclusion of the event.

Dr. Jerry Marino: ASME South Texas Section – Houston guest speaker for Thursday evening, 19 Sept 2019.

Over the course of his 40-year career, Dr. Marino has authored over 100 articles and publications on subsidence engineering topics. He is the President of Marino Engineering Associates - Civil Geo-Technical Engineer & Expert in St. Louis, Missouri.
